

Will Technology Replace RPO?

John West, Chairman

“Artificial intelligence is the future, not only for Russia, but for all humankind.”

“Whoever becomes the leader in this sphere will become the ruler of the world.”

Artificial Intelligence

AI is projected to be 1,000 times more powerful in just 10 years

10,000 open positions in AI

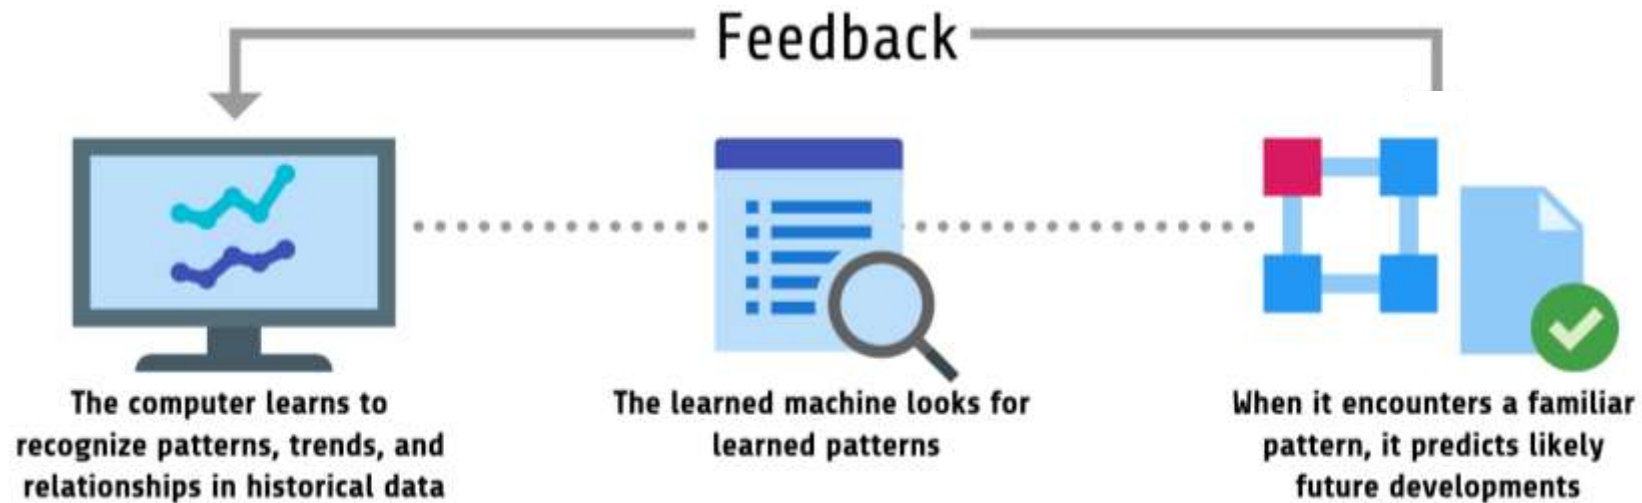

22,000 people in the entire world in data science

There are only 100 new PHD grads in data science each year

AI/deep learning contractors make an average \$115 per hour

\$350k
Starting annual salary for data science PHD's

Hey Google! Find me a new job

Got it, looking for Technical Recruiter jobs in Atlanta

OK Google – make sure the commute is less than 30 minutes

26 matching jobs found. Delta Air Lines posted a job today

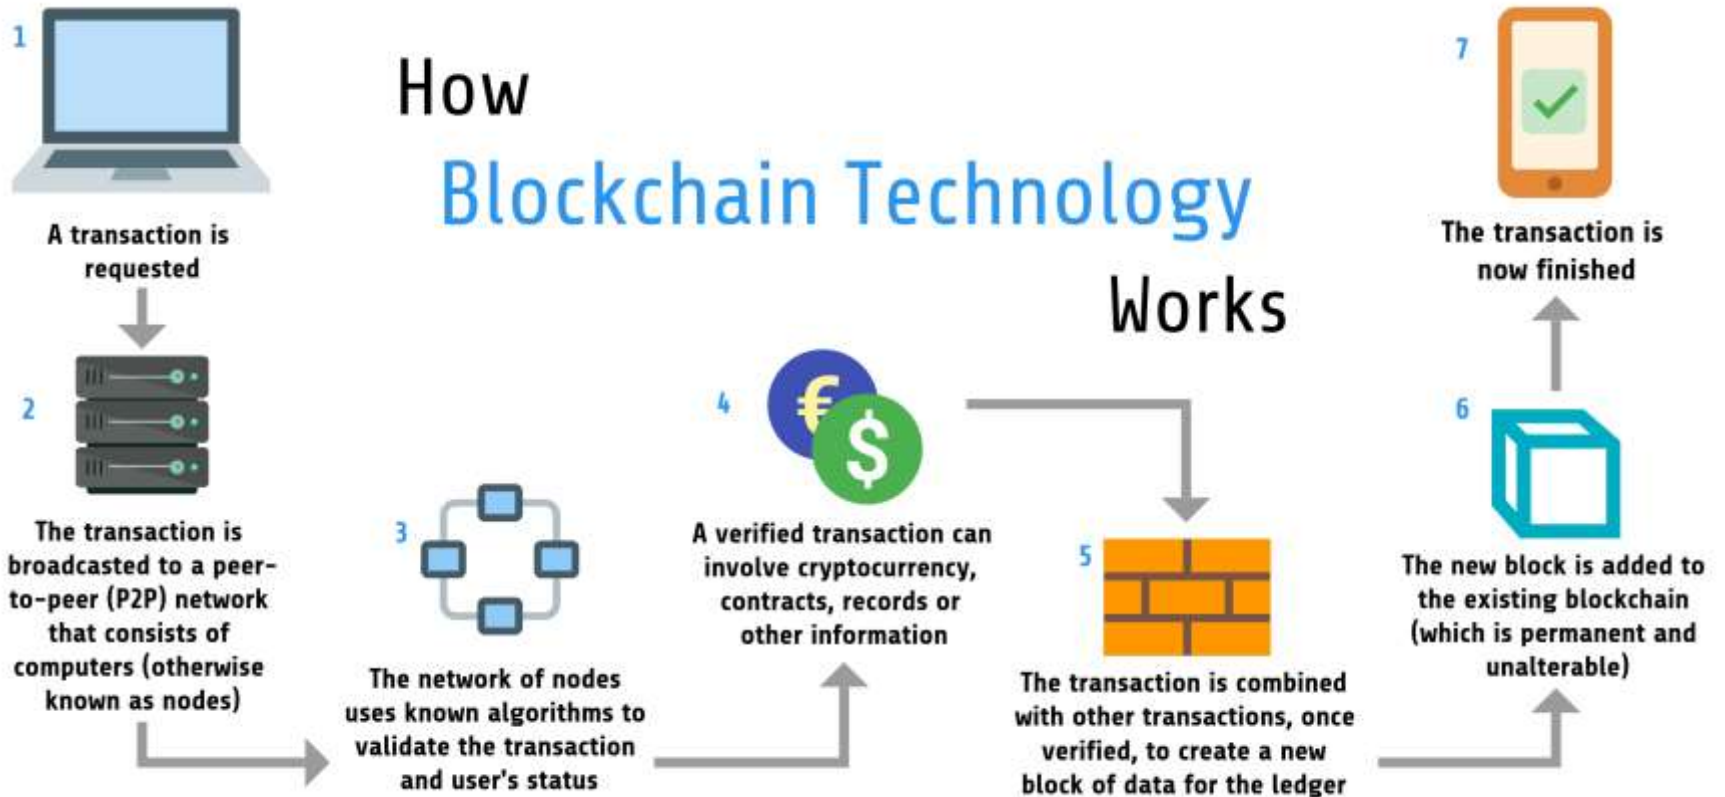

OK Google, is Delta Air Lines a good place to work? What's the Glassdoor rating?

Delta Air Lines was listed on Fortune's 100 Best Companies to Work for. Delta Air Lines has a Glassdoor rating of 4.2 out of 5.0

Thanks, Google. Submit my resume and let me know when I receive an email about the job.
